Mission of ARS

Mission of ARS

Support the regional government in planning and evaluating healthcare services

Mission of ARS

Perform research in national and international networks

Support the regional government in planning and evaluating healthcare services

Mission of ARS

Perform research in national and international networks

Support the regional government in planning and evaluating healthcare services

Topics: epidemiology and quality of services

Mission of ARS

The background image shows a large, light-colored building with a central tower-like structure, surrounded by a well-manicured garden with green hedges and a gravel path. The sky is blue with white clouds.

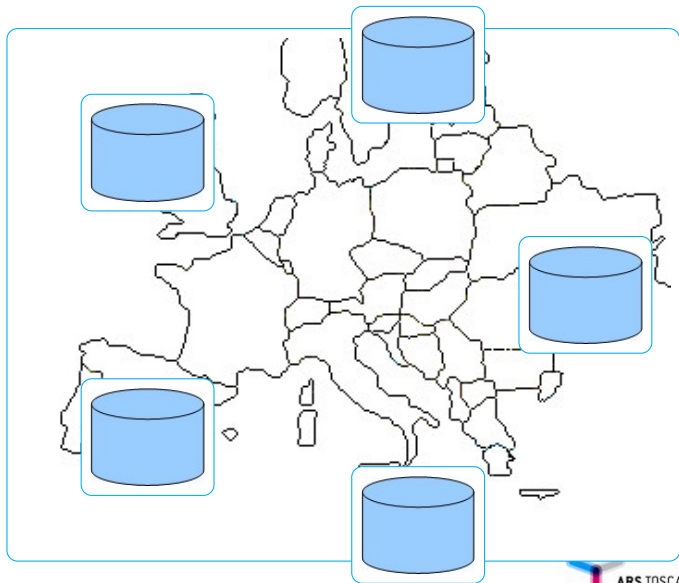

Perform research in

Open source software for distributed data collection

thematrix.isti.cnr.it

The screenshot shows a web browser window displaying the homepage of TheMatrix. The browser's address bar shows the URL `thematrix.isti.cnr.it`. The website features a navigation menu with links for Home, What can TheMatrix do for you?, Documentation, and Contacts. The main content area includes the title "TheMatrix" and a subtitle "The tool for easy observational health data management from CSV files". A list of four features is presented, each preceded by a green checkmark: "Integrated visual interface to create and run scripts", "Runs on low specs hardware", "Command line and fully customisable for advanced users", and "Free and open source". To the right of the text is a 3D rendering of a software box with the TheMatrix logo and the ARS TOSCANA logo. At the bottom of the page, a small text line states "TheMatrix is released under the GNU General Public License v3".
